Dear Steve:

You asked the subject (for publicity) of the proposed lecture (a local revision of one delivered at Bard College). I'd forgotten what it was called but now it comes back to me. I had suggested NOW WHAT = a Discussion of Contemporary Film and whatever. It came out on a poster NOWHAT, which seems a little more surrealistic. Anyway, either NOW WHAT or NOWHAT is what it will be about, more or less.

Both Bernice and I are looking forward to what we hope will be a vacation in old haunts with new faces as well as old.

I went to Janis's show here the other night and was very impressed. Aside from its aesthetic merits I am convinced that her new work is the greatest contribution to birth control since the pill.

My best,

Pete
